DPST Heavy Metal Standards

For the calibration of heavy metal ions we provide standards of ions of following elements:
Ag, Al, As, Bi, Cd, Co, Cr (VI), Cu, Fe, Ga, Hg, Mn, Mo, Ni, Pb, Sb, Se, Sn, Tl, V, W, Zn.
The standard concentration is $c = 1,00 \text{ g/l} \pm 0,003$ at $20 \text{ }^\circ\text{C}$. The solutions are available in 100 ml plastic bottles.

We offer other concentrations and solutions on request.
